Minister Terrell at His Post Protecting American Lives and Property—His Leave of Absence.

Constantinople, Nov. 18.—No further news has yet been received here of the massacre of about 500 Armenians at Kharput or of the seeking and turning of eight out of two buildings belonging to the American missionaries there. The United States minister, Mr. Alexander W. Terrell, has telegraphed for particulars about the massacre.

The story is that the American missionaries at Kharput were not killed, but were driven from their homes and are now in the hands of the Turkish government.

At the request of the United States minister, the value of Aleppo has been estimated at \$100,000. It is high risk to protect the Americans at that place and he has held them responsible for the lives of those placed under their charge.

UNSETTLED

Judge Head's Successor Not Named

THE GOVERNOR STILL CONSIDERING THE MATTER.

WILL DECIDE SOON

GOVERNOR WOULD LIKE TO HEAR FROM EVERY PART OF THE DISTRICT.

World Appoint the Man Who Is Evidently the Choice of the District Concerned.

Gazette Bureau, Avenue Hotel.

Austin, Tex., Nov. 18.—(Special.)—Governor Colburn did not give out the name of Judge Head's successor today. His office has been kept hot all day with friends and supporters of different candidates, and from what I can learn tonight the chief executive has not made up his mind in the matter. The situation as it appears to me tonight is about this:

The governor has said that he is desirous of selecting a thoroughly qualified lawyer and one who is the choice of the district. There are five active candidates, namely: Sam J. Hunter of Tarrant, J. N. Browning of Donley, William Kennedy of Mitchell, T. H. Conner of Eastland and G. A. Brown of Wilbarger. The counties of Tarrant, Donley, Mitchell, Eastland and Wilbarger are in the district. Each of the district judges who are candidates is recommended by the bar and many citizens of the district. The other counties so far as heard from have thus expressed themselves. The counties of Fisher and Erath have endorsed Hunter. The counties of Stonewall, Haskell and Throckmorton, Concho, Comanche and Brown have endorsed Hunter. Judge Hunter is endorsed by Tarrant county which has two judicial districts and a greater population than either of the districts of Kennedy, Conner, Brown or Browning. In addition to this Judge Hunter is endorsed by Wichita, Archer and Comanche counties. Judge Browning, it is understood, is endorsed by the judicial district in which he resides and many influential citizens in other districts.

The governor has received many letters from the district and the state at large favoring one or the other of the candidates. Judge John L. Henry is for Hunter. Ex-Senator Coke prefers Brown. Senator Clifton favors Kennedy. Professor T. S. Miller of Dallas Conner and Lieutenant Governor Foster Browning. To sum the matter up, out of eighty-four counties comprising the district, the bar of fifty-three of them have expressed a preference, showing that an express endorsement by Wichita, Archer and Comanche received but from something over half of the number of counties comprising the second judicial district. The time the governor is to act is short, and it is very certain that his expediency would be more than glad to hear from the remaining counties before he nominates Judge Head's successor rather than be forced to make his appointment without knowing the choice of the other counties.
